On September 3, 2024, Magistrate Judge Gates issued an order regarding possible amendments to Case Management Order No. 14 [D.E. 281]. Since the issuance of the Magistrate Judge's Order, the United States has conferred with the Settlement Masters and has reached agreement with the Settlement Masters regarding procedures that would allow counsel for the United States to engage with the Settlement Masters and protect government information within the terms of Case Management Order No. 14. Given the agreement, the United States does not believe that amendments to Case Management Order No. 14 are necessary.
